WALK OFF[®] MATS

UltraSan Mats

Profile

WALK OFF® MATS

Top Profile

Lower Profile

- Safe: Slip-proof – 100% grease resistant surface with suction discs, cross ventilating channels
- Hygienic – silver based anti-microbial agent (Alphasan® agent). Inhibits bacterial growth.
- Comfortable: Anti-fatigue sponge reduces the pressure on joints
- One size 85 x 140cm

Fungal Control ^{a,b}

WALK OFF MATS®

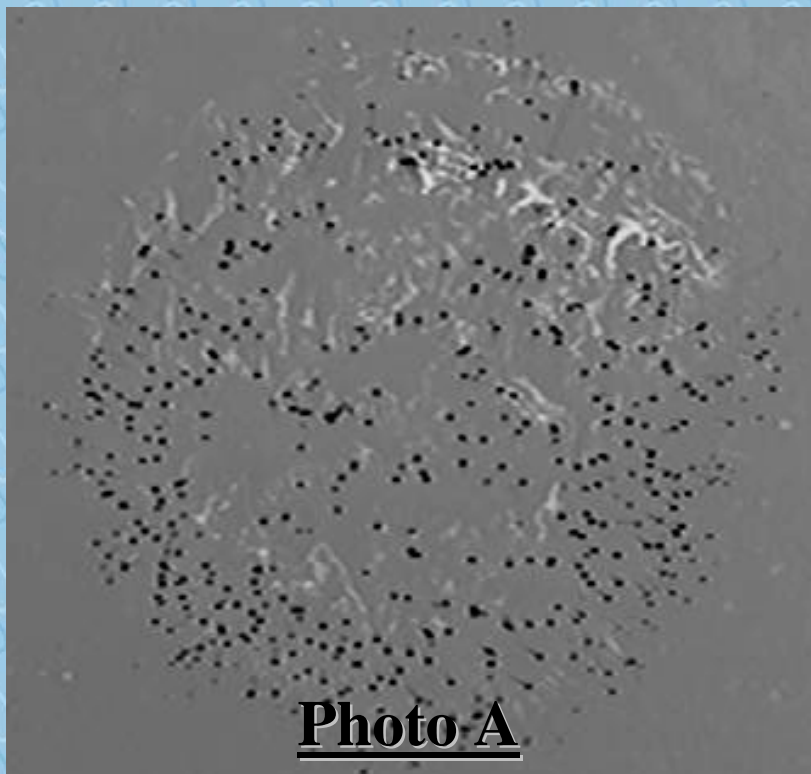

Photo A

Untreated rubber sample exhibits substantial fungal growth after only 5 days

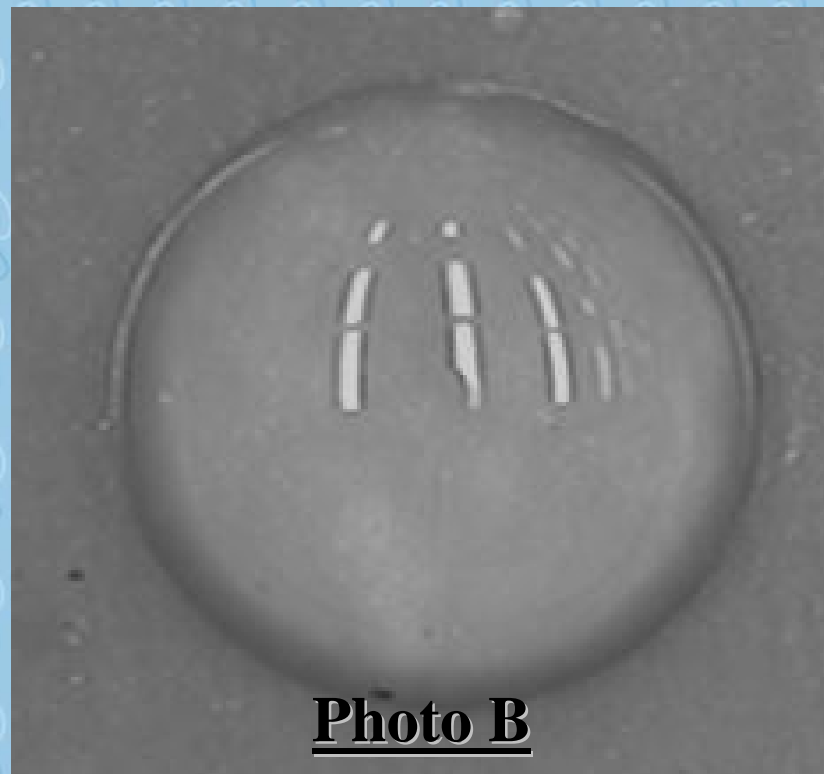

Photo B

Rubber with AlphaSan® controls fungal growth for more than one month. Multiple re-exposure continue fungal control.

Safety Features

WALK OFF MATS®

- Large valves drain liquids from the surface
- Cross-ventilating channels on the backing reduces moisture buildup below the mat
- The unique **suction discs** enhance the mat's stability on smooth hard surfaces
- Textured Slip Resistant surface prevents slips
- The Nitrile Rubber Compound resists most oils and greases that cause decomposition.
- The lightweight and flexible construction facilitates handling and cleaning.
- Low Profile
- Connectors
